

Students Engineering Exhibition 2010

Information Document

Final Year Project Competition

In this competition, Final Year Projects will be exhibited by all engineering universities of Pakistan. Projects will be evaluated by designated evaluators from industries and engineering institutes. The judgment will be done purely on the basis of diversity of idea, design versatility, skills and simplicity of solution generated.

An institute can send more than one projects, such that each project group consists maximum of four members.

Research Paper Competition

In this competition, all the undergraduates are invited to present their Research Papers. They will have to give a formal presentation to the evaluators and submit report as well. Presence of participants on the day of event is necessary. The one with the best research paper will win the competition. The judgment will be based purely on the versatility of idea.

An institute can send multiple numbers of research papers.

Circuit Designing Competition

Teams, in this competition will be given a scenario based problem and tasked to design and implement a circuit. They will have to develop a truth table first and a circuit diagram. After that, they will have to implement the circuit.

All Teams will be provided with required components and data sheets for the ICs. Teams will be evaluated on the basis of understanding of the problem as well as the solution they come up with.

An institute can send maximum two teams for circuit designing competition, such that each team has only two members.

Speed Wiring Competition

In this competition, teams will be shown a circuit expression and required to construct the diagram physically in working condition in the shortest possible time. The teams will have to implement the circuit on bread board. The team, completing first, will win the competition.

An institute can send maximum two teams for speed wiring competition, such that each team has only two members.

SEE 2010 Prizes

The winners of the competition will be awarded cash prizes as follows:

1. Final Year Project Competition

S.No.	Position	Prize
01.	1 st Position	PKR 20,000/-
02.	2 nd Position	PKR 15,000/-
03.	3 rd Position	PKR 10,000/-

2. Research Paper Competition

S.No.	Position	Prize
01.	1 st Position	PKR 12,000/-
02.	2 nd Position	PKR 10,000/-
03.	3 rd Position	PKR 8,000/-

3. Circuit Designing Competition

S.No.	Position	Prize
01.	1 st Position	PKR 5,000/-
02.	2 nd Position	PKR 3,000/-

4. Speed Wiring Competition

S.No.	Position	Prize
01.	1 st Position	PKR 5,000/-
02.	2 nd Position	PKR 3,000/-

SEE'10 Registration Instructions

The registration forms can be downloaded from www.see2010.net.

All the participants are required to fill in the registration form duly and post to us.

The registration forms must reach PAF-KIET by 10th February, 2010. Registration forms after due date, with no verification and no photocopy of NIC will not be entertained.

- The registration forms can be submitted online at registration@see2010.net, see10@pafkiet.edu.pk
- The registration forms can also be mailed to us at the following address

Mr. Najeeb Jafri, HoD Telecommunication, CoE
PAF-KIET Main Campus, PAF Base Korangi Creek,
Karachi 75190, Pakistan.

Local participants who wish to visit PAF-KIET for registration in the competition must inform before their visit to contacts given below.

In case of any query, please feel free to contact us

Waqas Bin Munawar
