

Students Engineering Exhibition 2010

Introduction

About PAF-KIET

Pakistan Air Force - Karachi Institute of Economics & Technology (PAF-KIET) was established in 1997 with the aim of providing quality education. Its academic programs are designed to prepare the students to meet the challenges of the nation and industry. KIET received the recognition by the Higher Education (HEC) in 1998.

KIET is currently operating two campuses in the city of Karachi. The PAF Korangi creek campus is situated at Korangi creek. The PAF Korangi creek campus has bachelor degree programs in Engineering, Management Science and Computer Science along with MBA program in the morning timings. The city campus is situated on Shahrah-e-Faisal. The city campus primarily offers Masters Degree programs and PhD program in evening and weekend. The city campus also offers degree program in Bachelor of Computer Arts in morning timings.

PAF-KIET has four colleges which offer degrees in various fields:

- College of Engineering – CoE
- College of Management Sciences – CoMS
- College of Computer Science – CoCS
- College of Media Arts – CoMA

PAF-KIET has ever since its establishment enhanced the quality of education keeping in touch with the latest requirements of educational standards of the country. College of Engineering at PAF-KIET has recently started Mechatronics Engineering and added yet another degree to its set of degree programs which are:

- BE Electronics
- BE Telecommunications
- BE Mechatronics
- BE Industrial Electronics
- BE Avionics

About SEE

Students' Engineering Exhibition (SEE) is an annual engineering event held at Pakistan Air Force - Karachi Institute of Economics and Technology (PAF-KIET). SEE is organized by College of Engineering at PAF-KIET. It is a project and skills competition where students from universities all over Pakistan showcase their talent.

SEE has been known for three years now and has become a symbol, amalgamating the toughest competitors from all over Pakistan. It is a competition where engineering universities are invited to display their Final Year Projects and Term Papers which give a glimpse of engineering programs of respective institutes.

In 2007, PAF-KIET conducted its first national level SEE '07 event, integrating the students of various engineering Institutes to display their Final Year Projects. So far, SEE' 09 was the most successful event of all time where quality was most ensured. Our event was heavily sponsored by industry which raised the standards of engineering exhibitions all-over Pakistan. Not only this, the event had a wide media coverage which made it most-admired by the students.

SEE provides a platform to all final year students not only to demonstrate the extracts of their 4-year engineering program but also gives a chance to get exposed to Industrial experts and professors from various institutes which helps them making their place in industry and in gaining repute. Junior students also participate in various categories, thus SEE provides a podium to show their engineering skills.

About SEE'10

PAF-KIET is again ready to reach the heights of brilliance, expertise, knowledge and skills - SEE' 10 is the event in this regard. For the 4th time, PAF-KIET- The Centre of Excellence, welcomes the participants from all over Pakistan to join in the event and show the mettle.

SEE '10 is scheduled on: 22nd February 2010.
Registration starts: 20th January 2010.
Last date for registration: 10th February 2010.

Following is the list of events:

1. Final Year Project Competition
2. Research Paper Competition
3. Circuit Designing Competition
4. Speed Wiring Competition

We look forward to your response as we will be highly honored by your participation in SEE'10!

Regards,
Team SEE'10
