

## Campus Management Solution

Campus Management Solution automates academic functions of a university. The system is logically divided into following modules, each of which maps to a university / department function:

1. Student Program Admission System
  - Online Admissions
  - Admission in a Campus
  - Admission in a Study Program
2. Student Self-Registration System (SRS)
  - Registration in semester courses (Waiting List feature available)
3. Academic Session Management System
  - Academic calendar, Class Schedule and Session Attendance
4. Program Syllabus System
5. Student Financials
  - Fee Structures, Discount Structures, Fee Collection
6. Examination Seating System
  - Available Rooms, Available Seats per room, Available Time Slots
7. Student Assessment System
  - Test Marks Entry, Grading, Semester GPA, CGPA
8. Student Graduation System
  - Transcripts, Degree, Online Degree Verification
9. Instructor Evaluation System
  - Punctuality, question paper quality, submission, peer reviews, dean's remarks
10. Library Information System
  - Books / Projects issue to students, instructors, staff
  - Online Book Search
11. Messaging System
  - Push-n-Pull SMS and Emails for Students, Instructors, Staff, Guardians
12. Academic Policies
  - Course Load, Credit Hours, Session Attendance, Assessment, Grading
13. Student Self Service System
  - Update self contacts (residence, phone, email)
  - View Study Program Syllabus, Sessions Schedule, Sessions Attendance
  - View Test Results, GPA / CGPA, Grade Sheet, current semester Fee Bill
14. System Admin
  - User Privileges, Log Tables, Audit Reports, Data Backups

This new application system is completely web-based and is available to faculty, staff and students through high-speed LAN within the campus as well as through Internet.

First successful implementation at Riphah International University Islamabad in 2009.
